To Whom It May Concern

Formed in 1970, Suncare Community Services Inc. formerly known as the Central Sunshine Coast Committee On The Ageing Inc. (the Committee) was established in Maroochydore on the Sunshine Coast and now services an area which encompasses both North Brisbane to Central Queensland HACC regions.

Since establishment, Suncare Community Services Inc. management have provided services to the community such as the network of Commonwealth Carer Respite Centres, Direct Respite Services, Meals on Wheels, Maroochydore Day Respite Centre, Community Alternative Transport Service, the Carelink Centre, including Carebus mobile information units.

In a community development capacity they have supported other organizations to establishment such as Alzheimer's Association (SC), Sixty and Better and Volunteering Sunshine Coast.

The organisation consists of a growing number of dedicated and greatly valued staff and volunteers working within its diverse range of community services and as such has been able to respond successfully to the exceptional population growth within the Brisbane North, Sunshine Coast, Central Queensland and Wide Bay regions.

Suncare aims to become an acknowledged leader and innovator in the Aged Care, Disability and Community sectors, based on its ability to consistently establish, influence and apply best practice services principles and standards.

Suncare has been doing business with Austral Business Machines for close to 4 years now. They have always been helpful and very accommodating to our needs. The staff are always friendly and get back to us quickly.

I know if I ever have a problem or a question that Andrew McLachlan is only a phone call away to help out. He goes beyond his call of duty to help Suncare out to get the best deals and give us quality service.

With over 12 office locations over Queensland as far as Rockhampton and down to Brisbane. Austral has provided us with great service and products to meet our needs.

I highly recommend Austral to any business from small to large who are looking for great service, great products and a company that goes beyond their call of duty.
